

Record of decisions taken by the Resources Portfolio Holder

Investing in our IT infrastructure

On 9 March 2017, the Service Director Performance and Innovation submitted a report seeking approval for the purchase of new server and storage technologies so that the Council's IT infrastructure is fit for purpose.

Decision taken

The Resources Portfolio Holder provided approval to proceed with the purchase of new server and storage technologies under the exemptions to Contract Procedures contained within the Financial Regulations and Financial Procedure Rules on the grounds that exemptions may apply where "a framework agreement is available that necessitates the Council not having to go out to tender and the goods, works and services will still provide the Council with best value for money".

Date of Publication: 16 March 2017
