

March 2026 Community Update: Jameson Road Landfill site

We remain dedicated to keeping residents up to date with the ongoing measures we are taking to address odour issues at the Jameson Road Landfill site. We recognise the impact that these odours can have on your everyday life, whether indoors or in your gardens, and are actively working towards a long-term resolution.

Figures for March:

- In March we received and assessed 1,174 complaints related to the site.
- We received 19 completed Odour Diary Sheets from 7 households and 1 business.
- We offered residents who sent in diary sheets the chance to have an officer carry out a verification visit at their property. A total of 7 visits were undertaken in homes in March.

We need your help

Wyre Council is working to pursue a case of statutory nuisance on behalf of residents.

We can only do this with your help...

Please follow these three steps to make your experience count in this investigation:

1. Complete Odour Diary Sheets

You should include:

- when and how long you were impacted
- where in your home you smelt the odour
- how strong it was and how it affected you

Continue recording this information as long as you are affected and submit the completed sheets regularly - every 7 or 14 days.

On days when there is no odour, please write this down too.

Complete a diary sheet here: <https://www.wyre.gov.uk/jamesonroad>

2. Send completed sheets back to Wyre Council

You can return completed sheets by:

Email: JamesonRoadLandfill@wyre.gov.uk

Post: Environmental Protection, Wyre Council, Civic Centre, Breck Road,
Poulton-le-Fylde, Lancashire, FY6 7PU

In person: Drop them off at reception at the Civic Centre or to the dedicated post box at Fleetwood Market

3. Accept an officer verification visit

These are essential if we are to take a strong case forward for statutory nuisance.

Ideally, these visits should take place in the part of your home where you are most affected and which your diary evidence covers. However, if accessing your home is not convenient, we can sometimes conduct the visit in your garden or another suitable outdoor area.

What else are we doing?

- We completed a second enhanced monitoring exercise with residents who had regularly completed and submitted diary sheets covering at least seven consecutive days.

- We met regularly with the Environment Agency in relation to a regulatory enforcement notice it served upon Transwaste on January 30. This requires the operator to ensure that Cell 5 and Cell 6 are adequately covered to reduce the risk of odour.
- Wyre Council issued a Default Notice to Transwaste regarding the lease it holds and this remains in place. This action was taken in response to the regulatory enforcement notice served by the Environment Agency. We are closely monitoring the situation to ensure the site operator complies with its lease obligations.

Community Liaison Group

The next meeting will take place on Friday, May 15.
